Alexandra Hills State High School

Secondary School catering for 1420 students with diverse needs and aspirations.

The school offers a broad range of academic and vocational subjects. The school also has an excellent extra-curricular range of activities that further enrich student learning. These range from performing and visual arts, public speaking and debating, science clubs, and environmental clubs. The school has a proud sporting heritage and has achieved considerable success at State, National and International arenas.

Alexandra Hills State High School works very hard to maintain high standards with regard to student dress and appearance as well as behaviour and work ethic.

- Sharing/Donation of premises and other infrastructure

Capalaba State College

Capalaba State College offers a cohesive Preparatory to Year 12 educational program. Continuity and consistency in the social, emotional, physical and intellectual development of each individual child through flexible learning opportunities and experiences merge the boundaries between early, middle and senior phases of learning and transition to the world of work and/or further study.

The College operates on a fundamental belief that all students are capable of learning, given the appropriate support and pace of instruction, this underpins our curriculum delivery, teaching practises and school operations across the three phases of learning. Greater relevant, real-life community based approaches that engage and prepare the full range of students for successful learning will ensure that students graduate from Year 12 as good citizens – positive, motivated and well-rounded individuals with an enthusiasm for learning, a desire to meet new challenges and to contribute to society in positive ways.

Redlands College

Redlands College has a range of enterprise activities. The school has a Vocational Education & Training (VET) program which aims to help Year 11 and Year 12 students in their transition from school to work. It contributes to young people's chances of obtaining employment/further study upon leaving school and offers the students many additional benefits. The course gives students the opportunity to experience life in the real world, while being supported by both the staff at the College, recognised trainers and employment mentors.

There will be 65 students participating in the college's VET program in 2006, with school based traineeships, TAFE training and work experience as key elements. Students follow individual career paths of their choice.

Sheldon College

Sheldon College is a Pre-school to Year 12 independent, non-denominational, co-educational school, committed above all else to achieving excellence in education.

Our College Mission is to provide a quality educational experience in an environment that encourages and enables our students to succeed in a constantly changing world. Our College aims to equip students with the critical knowledge and skills necessary for participating responsibly and successfully in the world of tomorrow; as well as promoting mutual respect, trust and recognition of the individual worth of each person.

Our primary goal in the Senior College is to set our students up for success by providing them with the skills, knowledge and values necessary to make a smooth transition to university, college or the world of work; to become lifelong learners; and to participate responsibly and successfully in a global society.

In Senior Schooling, we aim to facilitate quality education programs and enhance partnerships between Sheldon College and tertiary and other training organisations, business, industry and the community in order to provide students with ***Pathways to Success***.
