# Regional Profile - Redland Shire, Queensland

## Key Points

- Redland Shire offers wonderful lifestyle advantages and a great climate.
- The pro-active Redlands Economic Development Group and Chamber of Commerce have joined forces to deliver "Business Grow", a business retention and expansion program.
- Close proximity to Brisbane, with access to markets through the domestic and international airports and the Port of Brisbane.
- Three new business parks are proposed for the Shire.
- Redland Shire has a range of competitive advantages for nature based and eco-tourism activities.

## Overview

The Redland Shire is located south-east of Brisbane, alongside Moreton Bay. The Shire contains a diverse range of island villages and separate mainland townships bordering Brisbane's outer suburbs. It includes rural areas, bushland, foreshore and bayside living. Redland Shire includes the Southern Moreton Bay islands of Macleay, Lamb, Russell, Peel, Karragarra, Coochiemudlo, and North Stradbroke Island (one of the world's largest sand islands and a popular tourist destination in its own right).

On the mainland, the Shire includes the separate townships of Redland Bay, Victoria Point, Thornlands, Cleveland, Wellington Point, Birkdale, Thorneside, Alexandra Hill, Capalaba and Mt Cotton.

The area's red soil farming land is now confined mostly to the suburbs of Redland Bay and Thornlands. The Shire's location also offers unique lifestyle options – it's close to a thriving capital city, bushland and Moreton Bay.

The shire covers 537 km<sup>2</sup>, and is home to an estimated 114,601<sup>1</sup> residents. Between June 1994 and June 1999, the annual average growth rate in the Redland Shire was 3.1 percent, compared with 2.4 percent in South

East Queensland and 2 percent in Queensland as a whole<sup>2</sup>.

The region is located 30 kilometres to the south-east of Brisbane City and 75 kilometres north of the Gold Coast.

**Figure 1:** Redland Shire, location and major transport links

The Shire is recognised as the Koala Capital of Australia due to the number of koalas within the urbanised environment. There is no where else in the world where so many people consistently interact with a natural population of koalas.

There is a range of natural areas or culturally significant sites within the Shire that have been established for preservation, including national and marine parks, reserves, wetlands, conservation areas and environmental parks.

<sup>2</sup> Community Cabinet Report May 2000 - Redlands Region. [www.oesr.qld.gov.au/data/publications/community\\_cab/redlands/rer\\_redland.htm](http://www.oesr.qld.gov.au/data/publications/community_cab/redlands/rer_redland.htm).

# Economy and Labour Force

## Economy

Redland Shire has a diverse industrial base including food and beverage processing, white goods and specialist manufacturing, horticultural production and processing, retirement and aged care facilities, professional and general services, and tourism. North Stradbroke Island is a major drawcard for visitors.

The value of agricultural production in Redland Shire for the year ended March 1998 was \$68.6 million, representing 1.6 percent of the Queensland total. Livestock disposals comprised 74.5 percent of the value of agricultural production in the shire.

Poultry farming for the year ended March 1998 was valued at \$50.8 million and accounted for 74.1 percent of the total agricultural output for Redland Shire. This figure also represented 30.1 percent of Queensland's poultry production.

Nurseries provided the next most valuable area of agriculture at \$8.3 million, followed by cut flowers at \$2.7 million. Together these accounted for 16 percent of the value of agricultural output from the Shire. Redland Shire also produced 18.9 percent of Queensland's production of sweet potatoes.

There were 1594 new houses and other residential buildings approved with a total value of \$189.8 million, and non-residential buildings approved with a total value of \$52 million. The value of these approvals was the highest recorded since 1992.

Takings from tourist accommodation for Redland Shire in 1999 were \$1.1 million, accounting for 0.1 percent of Queensland's income from accommodation<sup>3</sup>.

For further details about the range of companies operating in Redland Shire, see Appendix A.

## Emerging Opportunities

Opportunities for investment include:

- ◆ Three business parks are proposed for establishment (one with the potential for

an education facility linked to a business incubator facility)

- ◆ Nature based and eco-tourism initiatives
- ◆ Food and beverage processing
- ◆ Lifestyle horticulture production and processing
- ◆ Environmental business
- ◆ Research facilities
- ◆ Education facilities
- ◆ Retirement and aged care facilities
- ◆ Aquaculture
- ◆ Film production facilities

Other activities to help foster business development in the region include the development of an investment attraction package, Business Grow (a council and Chamber of Commerce business expansion and retention program) and the Moreton Bay Taskforce (to develop the Bay as a visitor destination investing in facilities and infrastructure).

## Labour Force

The Greater Brisbane Area Consultative Committee has estimated Redland's 2001 workforce at 55,995, with an unemployment rate of 5.9 percent.

Figure 2 shows Redland Shire's skills base is almost identical to Queensland as a whole, highlighting the broad range of skills in the Shire.

Redland Shire's skills base can broadly be classified as Intermediate Clerical, Sales and Service (19%), Tradesperson and related (14%), Professionals (14%) and Associate Professionals (12%).

**Figure 2:** Number employed by employment classification, Redland Shire and Queensland

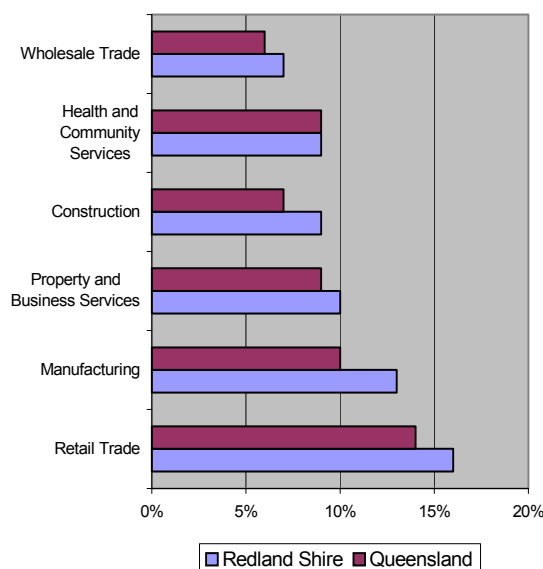

<sup>3</sup> Community Cabinet Report May 2000 - Redlands Region. [www.oesr.qld.gov.au/data/publications/community\\_cab/redlands/rer\\_redland.htm](http://www.oesr.qld.gov.au/data/publications/community_cab/redlands/rer_redland.htm).

The number of people employed within each employment classification for the Redland Shire are displayed in the table 1<sup>4</sup>:

**Table 1:** Number of people employed by employment classification in Redland Shire

Classification	No. people
Labourers and Related Workers	4494
Manager and Administrators	4115
Intermediate Clerical, Sales and Service	9864
Trades and Related Workers	7357
Professionals	7198
Associate Professionals	6310
Intermediate Production and Transport	4476
Elementary Clerical, Sales and Service	5432
Advanced Clerical and Service	2133
Other	1030
<b>Total</b>	<b>52,409</b>

Figure 3 shows no major differences in employment by industry for the Redland Shire and Queensland. Major employment sectors in the region include the Retail Trade (16%), Manufacturing (13%), Property and Business Services (10%), Construction (9%), Health and Community Services (9%) and Wholesale Trade (7%) sectors.

**Figure 3:** Employment by Industry, Redland Shire and Queensland

Table 2 displays the total number of people employed within each industry sector for the Redland Shire.

**Table 2:** Number of people employed by industry sector, Redland Shire

Industry Sector	No. people
Retail Trade	8587
Manufacturing	6783
Property and Business Services	5348
Construction	4610
Health and Community Services	4825
Wholesale Trade	3557
Education	4841
Transport and Storage	2912
Government Administration and Defence	1978
Personal and Other Services	2189
Finance and Insurance	1748
Accommodation, Cafes and Restaurants	1916
Non-classified/not stated	1103
Communication Services	1006
Agriculture Fisheries and Forestry	810
Cultural and Recreational Services	968
Mining	361
Utilities	351
<b>Total</b>	<b>53,893</b>

No labour shortages have been identified for the Redland Shire workforce.

### Specialist Skills

Specialist industry skills in Redland Shire include horticulture, poultry, education, tourism, aged care and specialist manufacturing (including marine, metal fabrication and food production).

### Wages and Salaries

The average taxable income for the Redland Shire is \$32,155 per annum. In comparison, Queensland and Australian average wages are \$32,358 and \$34,798 per annum respectively<sup>5</sup>. The average household income per capita is between \$26,000 to \$36,348 per annum.

Award wages information for the Queensland Southern Division Eastern District, which includes Redland Shire, can be browsed by industry and location by visiting [www.wageline.qld.gov.au](http://www.wageline.qld.gov.au).

### Climate

The average maximum temperature ranges from 28.4°C in summer down to 20.8°C in the winter months. The minimum temperatures range between 19.5°C in summer and 8.6°C during winter.

<sup>4</sup> 1996 Census of Population and Housing, Basic Community Profile. Redland Statistical Division.

<sup>5</sup> Taxation Statistics 1998-99, Individuals [www.ato.gov.au/download.asp?file=/content/corporate/downloads/99indiv11.xls](http://www.ato.gov.au/download.asp?file=/content/corporate/downloads/99indiv11.xls)

Annual rainfall is around 1293.9 mm and there is an average of 285.1 days of sunshine per annum.

## Infrastructure and Services

### Utility Infrastructure

#### Electricity

Both combustion and renewable sources of electricity are available in Redland Shire. Renewable sources include electricity generated through hydro, biomass, solar and wind power.

Transmission is available through both overhead lines and underground cables, depending on the area, with a range of voltages, classified as high (110,000 – 250,000), medium (1100 – 3300) and low (240 – 415).

The major electricity supplier is Energex. The cost of supply is dependant on the tariff the business connects to and the infrastructure needed to supply their business. Table 3 provides an example of some available tariffs.

**Table 3:** Energex tariffs, March 2002

Tariff	Units (kWh)	Price (c/kWh)
Tariff 20	First 10,000/month	13.486
	Remainder	11.770
Service fee \$8.40/month		
Suitable for all types of electricity usage, appropriate for predominantly daytime consumption.		
Tariff 21	First 100/month	16.742
	Next 9900/month	15.719
	Remainder	11.979
Minimum payment per month \$7.51		
Suitable for installations where typical monthly consumption is under 330 kWh.		
Tariff 22	Low rate	5.786
	High rate 7am-9pm Mon-Fri, first 10,000/month	16.368
	High rate 7am-9pm Mon-Fri,	13.266
Service fee per metering point of \$18.48/month		
Tariff can be attractive to customers who's operation can be managed such that more of their total usage occurs at night and on weekends		
Tariff 37	Non domestic heating 10.30pm to 4.30pm	7.183
	From 4.30pm to 10.30pm	17.919
Minimum payment per month \$3.09		
Tariff covers a variety of non-domestic heating applications		

A full list of Energex business tariffs can be obtained from their internet site [www.energex.com.au/for\\_business/tariffs/tariff\\_list.html](http://www.energex.com.au/for_business/tariffs/tariff_list.html).

#### Gas

LPG is available and natural gas is available in limited areas within the Shire, including the

Cleveland business district, the Capalaba business and industrial area, and the Cleveland industrial estate. The local gas supplier is Energex.

The pipeline capacity varies depending on location. Energex analyses capacity for customers on an individual basis. New customers connecting to the gas network are evaluated to ensure the network can supply the capacity required.

The Redland Shire natural gas network currently has a good capacity and can easily accept new small industrial and commercial customers.

#### Water

The capacity of Redland Shire's water supply is 37,595 megalitres; average annual capacity used is currently 10,053 megalitres.

Commercial and industrial charges are calculated per meter connection size per annum to the property: 20 mm \$256, 25 mm \$483, 32 mm \$673, 40 mm \$887, 50 mm \$1545, 80mm \$2632, 100 mm \$3640, 150 mm \$8170. The type of activity determines the connection size.

Consumption charges are currently 32.2 cents per kilolitre for the first 980 litres per day. The remainder of usage is 69 cents per kilolitre.

## Transport Facilities and Infrastructure

### Airport

The closest commercial airport is located in Brisbane, 25km (30 minutes by road) to the north.

Airport code: BNE

The airport has two main runways:

	Length (m)	Width(m)	Surface
1.	3560	45	Grooved
2.	1700	30	Grooved

The airport has capacity to handle all large aircraft and is strip lighted. There are daily services to all Australian capital cities and most major business destinations.

### Port/Harbour Facilities

The nearest commercially managed and run port is located on Fisherman Islands on Sandpiper Avenue at the mouth of the Brisbane River, operated by the Port of Brisbane Corporation. Pilotage is provided

and the port caters for a wide range and size of ships. Detailed information on the Port can be found at [www.portbris.com.au](http://www.portbris.com.au).

Depth in approach channels: 13.5m  
Depth in docks: ranges from 9.1 to 13m  
Number of berths: 31  
Mechanical handling equipment: YES  
Tugs available: YES  
Ship repair services: YES

Road access is also available to the port. In addition, the Port of Brisbane is the only port with unrestricted access to rail with a purpose-built bonded rail facility situated adjacent to the container terminals. The port can also accommodate trains up to 900 metres in length.

Approximate sailing days from the Port of Brisbane to various international destinations are:

<i>Country</i>	<i>Days sailing</i>
Papua New Guinea	4
Japan	9
Hong Kong	9
Singapore	11
China	12
Korea	13
Canada/US East Coast	30
New Zealand	3
United Kingdom	38

Principal commodities handled through the port include:

Export: coal, cereals, silica sand, meat products, cotton and grain  
Import: cement, fertiliser, mining and energy, iron and steel, building products (manufactured) and oil.

### *Rail*

Passenger rail services are available to Redland Shire. Freight services are not available but access to Queensland Rail's integrated freight transport network is available.

Queensland Rail's state-wide freight network can be divided into the following main categories: coal, industrial products (bulk minerals and cement), regional (grain, livestock, timber and wool), and intermodal (meat, sugar, cotton etc).

Regular passenger services are provided by Queensland Rail cititrain. Rail stations are located at Thorneside, Birkdale, Wellington Point, Ormiston and Cleveland. Services and

connections to Queensland Rail's passenger network are available.

### *Freight*

A range of competitively priced courier and transport services are available within the Shire and to Brisbane City, airport and port, and throughout south-east Queensland.

### *Roads*

There is a well-developed road network within Redland Shire. This includes sealed freeways, highways, main and minor roads.

Good connections exist between various transport modes and there are plans for further improvements to be made in this area.

### *Public Transport*

Regular bus services are provided by a number of operators, including National Bus Company, Redlands Transport and Mt Gravatt Bus Service. Other public transport providers include Deacon's coaches, Eucalyptus Tours and the North Stradbroke Island Bus Service.

Intra and interstate coach services are available and are provided by McCafferty's Express Coaches.

Public ferries are also available to service the nearby islands. These include:

### *Passenger*

- Stradbroke Ferries – Cleveland to North Stradbroke Island
- Bay island Taxi Service – Redland Bay to the Bay Islands
- Stradbroke Flyer – Cleveland to North Stradbroke Island
- The Express – Cleveland to the Bay Islands
- Island Link Ferries – Victoria Point to Coochiemudlo Island

### *Vehicular*

- Stradbroke Ferries – Redland Bay to the Bay Islands, Cleveland to North Stradbroke Island
- Island Transport – Redland Bay to the bay Islands
- Island Link Ferries – Victoria Point to Coochiemudlo Island

### **Telecommunications**

Telecommunications services are provided through optical fibre. Satellite dishes are also available for communication.

There is comprehensive mobile telephone coverage within Redland Shire.

There are specialist information and communications technology companies operating within the region, including local internet service providers and ISPs based in the Brisbane metropolitan area.

## Property Values

Published zoning regulations and criteria are available from the local council:

Contact Details:

Manager, Assessment Services.

Phone: 07 3829 8708

Post: PO Box 21

CLEVELAND QLD 4163

### *Commercial*

Commercial and industrial properties are available within the Shire. There are plans by Council to support and facilitate the development of new business parks/industrial precincts within the next year. These will be outlined in the new Redland Shire planning scheme.

Sites (both current and future) are all fully serviced, with average sizes available in the following ranges:

120-180 m<sup>2</sup> - commercial/industrial

200-250 m<sup>2</sup> - commercial/service

250-350 m<sup>2</sup> - limited retail

The cost of sites is dependent on location and can range widely from \$760 to \$5800 per square metre for an average 170 m<sup>2</sup> lot.

There is also a dedicated industrial park, which is serviced with major utilities.

Further information of the availability of commercial property and vacant land can be sourced from local real estate agents and the Shire Council.

### *Residential*

The following residential figures are only estimates. As a shire, Redland contains a large selection of properties and many waterfront homes. The following figures are median estimates from the Residential Tenancy Authority, December 2001.

General rental prices per week:

Unit/Townhouse \$160

Three Bedroom family home \$200

Four Bedroom executive home \$245

General purchase prices for real estate are:

Unit/Townhouse \$141,000

Three b/r family home \$166,726

Four Bedroom home:

Capalaba \$200,000

Birkdale, Redland Bay \$240,000

Cleveland \$280-\$426,000

Four Bedroom executive home:

Cleveland \$400,000 plus

Raby Bay \$800,000 plus

More detailed information is available from the Real Estate Institute of Queensland (REIQ), [www.reiq.com.au](http://www.reiq.com.au) or local real estate agents.

## Services

### *Health Care*

Health services are available within the Redland Shire. These include: two public and one private hospital, community and mental health services, youth services, general practitioners, dentists and helicopter medical retrieval services.

Primary (146 beds) and aged care (199 beds, 359 including independent living units) services are available from the region's hospitals<sup>6</sup>. These figures are for specific nursing home beds in the Shire controlled by Queensland Health. Redland Shire as a community has a wide range of additional retirement and aged care accommodation available.

### *Education and Training*

The Moreton Institute of Technical and Further Education (TAFE), offers on-campus and online education opportunities within Redland Shire. Visit [www.moreton.tafe.net](http://www.moreton.tafe.net) for further details.

The establishment of a university campus facility is being promoted by Redland Shire Council. In addition, a number of university campuses are located not far outside Redland Shire and are easily accessible through public and private transport. Nearby campuses are located at Mt Gravatt, Nathan and Logan. Additional campuses are located in Brisbane City.

<sup>6</sup> Hospital and Health Services Yearbook 2000 Edition 24, Kompas Australia.

The Shire contains a number of university research sites, including the University of Queensland Agricultural Research Farm (Mt Cotton & Redland Bay) and the University of Queensland Research Centre (Dunwich).

There are 11 high schools in the region, six state and five private. There are approximately 5010 students with 385 teachers in state schools and 2448 students and 200 teachers in private schools.

There are twenty-five primary schools in Redland Shire, seventeen are state schools and the remaining eight are private. There are approximately 9890 students with 553 teachers in state schools and 4012 private students with 189 teachers.

Distance education is offered under certain criteria through the Brisbane School of Distance Education [www.brisbanesde.qld.edu.au/](http://www.brisbanesde.qld.edu.au/).

#### *Financial*

Full banking services are offered by Australia's four major banks and various credit unions. Investment, taxation and superannuation services are also available from specialists in the Shire.

#### *Short-term Accommodation*

There are a number of short-term accommodation establishments operating in the region. Details of the type, number of establishments and beds available are displayed in the table below:

	Number	Beds
Hotels	1	150
Motels	11	1196
Bed & Breakfast	5	32
Self-contained	7	2502
Backpacker	4	129
Caravan Parks	3	322

## **People and Place**

### *History*

The people of the Quandamooka have lived on and around what is now the Redland Shire for tens of thousands of years.

Europeans came to Moreton Bay with the desire to expand the British trading empire as Australia was a good source of timber and other resources. Moreton Bay was also used as a penal settlement to take pressure off southern parts of the continent. As a result

the Moreton Bay Penal Settlement was established in 1824 at Redcliffe Point, moving some months later to what is now Brisbane.

By 1842 the Moreton Bay district was opened to free settlers, with immigration actively encouraged. Land was offered for sale, particularly in potential farming and grazing areas. The Redlands area became very attractive, partly because it was on or near major waterways and partly because of the rich soil.

Farmers and graziers began moving to other parts of the Redlands, with the first land sales in Capalaba in 1853 attracting farming and especially dairying families. Large tracts of land in the southern part of the Shire were leased for cotton and sugar, especially around Redland Bay and on the southern Moreton Bay islands. By the 1870s much of the best arable land on the mainland and the islands was occupied, first by cotton growers and then by sugar plantations. Timbergetters were also active, particularly in the southern and western areas.

By the late 1880s sugar was being replaced by fruit crops, especially pineapples, bananas, custard apples and citrus. The soil dictated the produce: the red soil areas were best for crops; the poorer grey soiled areas, especially in the west of the district, suited dairy farmers.

On the islands, Europeans and Aborigines operated very successful dugong, oyster and other fishing enterprises.

In 1889 the railway came through the north of the district, terminating at Cleveland. The train also made commuting to the city possible, and many early subdivisions took place along the railway line. In addition, various businesses were established to cater for the holiday trade.

By the turn of the century the district had a solid reputation as a producer of fine fruits and vegetables, with dairy farms and animal husbandry located in the north of the Shire.

Small crop farming was the major economic activity in Redland Shire until well after World War II. Just before the war, poultry became an important industry and, to a lesser extent, pig farming. Sand mining began on North Stradbroke Island in the early 1950s and continues to this day.

Arguably the dominant event that changed the area from primarily rural to urban was the building of the Leslie Harrison Dam in 1968. The availability of town water was a driving force for the rapid urban growth that is still occurring. Over time, the Shire's farms have disappeared, replaced by subdivisions. Along with the growth have come the many services and industries required by major urban populations and accompanying businesses.

#### *Indigenous Communities*

The local indigenous Land Councils are:

- Quandamooka Land Council (representing the Nunukkal, Ngugi and Goerenpul people)
- Turrbal Land Council (representing the Turrbul people)
- Jagera Traditional Owners Association Inc (representing the Jagera people).

#### *Government*

The Redland Shire incorporates the Federal electorates of Bowman and Fadden, and the Queensland state electorates of Cleveland, Capalaba and Redlands.

Redland Shire is represented by 10 Councillors. The next local election is due to be held in 2004.

#### *Lifestyle*

There are a large variety of restaurants available throughout Redland Shire. Cinemas are also operated by Birch Carroll & Coyle and the Capalaba 8 Cinemas.

There are also a number of art galleries and museums within the Shire, including: Brisbane Galleries, Yarara Art Gallery, Grand View Fine Art Gallery, Mellersh Art Gallery, Old School House Gallery, Ormiston House, North Stradbroke Island Historical Museum and the Redland Museum.

Redland Shire has many sporting facilities and clubs catering for a wide range of sports, hobbies and leisure pursuits.

The Shire has a number of parks and reserves available for picnics, BBQ areas, play equipment and swimming facilities. Details on locations can be found at [www.redland.qld.gov.au/newrsc/Parks/shire\\_parks\\_guide.htm](http://www.redland.qld.gov.au/newrsc/Parks/shire_parks_guide.htm).

The Redland Shire has golf courses at Birkdale, Coochiemudlo Island, Redland Bay, Macleay Island, Mt Cotton and North Stradbroke Island.

A number of community events are held during the year throughout the region, including: markets, expos, celebrations, festivals, open days, displays, races, awards and other gatherings. Events are likely to be advertised and further information can also be obtained through Redland Tourism [www.redland.net.au/redlandstourism/](http://www.redland.net.au/redlandstourism/).

## **Associations**

There are a number of associations providing services within the region, including: business networks, personal support services, employment services, sporting and arts clubs.

## **Further Information**

More information on investing in the Redland Shire can be obtained by contacting the Manager, Redland Economic Development Group at Redland Shire Council.
